

HOLIDAY ENGAGEMENT

**MIDDLE SCHOOL
GRADE 6 : 2026-27**

Dear Parents and Students,

As we step into the much-awaited summer break, I would like to remind each one of you that holidays are not only a time for rest and recreation, but also an opportunity for meaningful learning and personal growth.

The holiday assignments have been thoughtfully designed to encourage students to explore, observe, create, and learn beyond the four walls of the classroom. Learning does not happen only through books; some of life's most valuable lessons emerge through real-world experiences, conversations, travel, reflection, and discovery.

Travel, in particular, can be a deeply enriching experience for young people. Exploring different places, communities, cultures, languages, traditions, and natural environments helps students develop a broader understanding of the world beyond what can be learned in textbooks. Such experiences nurture curiosity, adaptability, confidence, and real-world understanding, while also creating treasured family memories. Meaningful travel experiences also help strengthen local communities and foster a deeper appreciation for the diversity and interconnectedness of society.

As students of our school, I encourage you to carry the spirit of our **THRIVE** values wherever you go:

- **Team-Centric** – Spend quality time with family and friends, learn to cooperate, share responsibilities, and grow together.
- **Harmonious** – Respect the people, cultures, traditions, and environments you encounter during your travels and experiences, promoting understanding and mutual respect.
- **Resilient** – Embrace new experiences and challenges as opportunities to become stronger, more confident, and more adaptable learners.
- **Innovative** – Think creatively, try new activities, solve problems independently, and approach the world with curiosity and imagination.
- **Versatile** – Explore a variety of interests such as reading, travelling, art, sport, nature, or community service, and discover new talents and passions.
- **Empathetic** – Be kind, considerate, and mindful towards others, appreciating the efforts and contributions of people within your community and society.

I encourage all students to complete their holiday assignments sincerely and creatively. Let your work reflect not only knowledge, but also imagination, observation, and personal experiences.

Most importantly, enjoy your holidays responsibly. Read good books, remain physically active, help your parents at home, stay disciplined, and return refreshed with renewed energy and enthusiasm for the upcoming academic session.

Wishing all our students and families a joyful, safe, and enriching summer break.
Warmest regards,

Dr. Anubhav Lodhi

Principal

GD Goenka Public School, Aligarh

ENGLISH

ELEVATE ! EXPLORE ! EXPRESS ! ENJOY THE CHANGE !

Learning can become a joyful experience if we introduce some fun techniques and do away with the boring study patterns.

This summer, the Holiday assignment will help you to learn, enjoy and enhance your talents.

THE FUN QUOTIENT IN STUDIES

'If you cannot do great things, do small things in a great way'

The Fun quotient in studies !

This year's summer assignment, option number 1, for English is based on the book "Adventure in Kaziranga" four environment novellas by Arup Kumar Dutta. These stories are set in the beautiful state of Assam, which is home to the world – famous Kaziranga National park. It is a wildlife sanctuary where the guards protect the animals of Kaziranga from their main enemy – man. We want our students to raise their level of awareness regarding conservation of Nature and wildlife animals. All sixth graders are going to be a part of a huge anti – poaching forum and everyone will showcase their love for animals!

Choose to do **ANY ONE** of the following 5 tasks.

Option number 1 is with reference to 'Adventures in Kaziranga'.

1. Look at the picture on page 89. Write a short paragraph in your grammar notebook, using your imagination and your knowledge about elephants. Describe the relationship between a baby elephant and its father or mother. Do these gentle giants show protective feelings like humans? Provide your answer in your paragraph. Attach a photocopy of this picture to your notebook, next to the paragraph. If anyone is good at drawing try to draw the picture in the notebook.

2. Kaziranga National Park in Assam is home to the endangered Great Indian Rhinoceros. Make a colourful collage on a standard A3 sheet using pictures, slogans, information about any one wildlife sanctuary in India. You can choose from:

- Kaziranga Wildlife Sanctuary, Assam
- Bandhavgarh National Park, Madhya Pradesh
- Corbett National Park, Uttarakhand.
- Ranthambore National Park, Rajasthan.

You may write about a trip to any of these places in your journal.

3. Use 2 A4 sheets to do the following task. Create a profile of the famous author Ruskin Bond. Put pictures and interesting information about him and his books. Write an additional note on one page about Ruskin Bond's relationship with Nature.

4. Use 2 A4 pages to write a description of yourself as a protector of the environment. Write 2,3 paragraphs on how you are preserving the greenery and appreciating the wildlife and scenery as you travel within India. Make an informative and interesting profile that can be used in the school Yearbook too. Provide the title: 'Goenkan Eco-Tourist !'

5. Use Flash Cards to do the following task.

A SYNONYM is a word which has the same or similar meaning as another word.

Synonyms are used to avoid repetition, to bring in variety in writing or to make the language more precise.

For example:

Talk : say, gossip, chat, discuss, speak, articulate.

Nice : kind, helpful, friendly, good, agreeable.

Big : huge, gigantic, large, massive, humongous.

Run : race, dash, bolt, scoot, trot, canter.

Make Flash Cards - A set of at least 12 to 15 cards : 12 to 15 words of your choice: with 4 to 6 synonyms each. Write them neatly and in an eye-catching way.

These Flash cards will help you enhance your vocabulary.

MATHS

India Through Patterns: Where Mathematics Meets Creativity

These holidays explore the beautiful connection between Mathematics and Indian culture. Discover how concepts like lines, angles, symmetry, tessellations, geometric shapes and repeated patterns are naturally found in Indian art, textiles, embroidery, architecture, floor designs and traditional crafts.

India's rich cultural heritage reflects mathematical ideas through various traditional patterns and designs created across different states. From Warli art and Madhubani paintings to Kolam designs and embroidery patterns, geometry can be seen everywhere in daily life and cultural traditions.

Through this project, students will observe, research, and creatively present how Mathematics is deeply connected with Indian heritage, craftsmanship and artistic expression.

Your Mission

Prepare a creative scrapbook by exploring traditional Indian patterns and identifying the mathematical concepts present in them.

Students should paste photographs or draw pictures related to:

- Traditional art forms
- Textiles and embroidery
- Floor patterns
- Monuments and architecture
- Cultural designs from different Indian states

They should identify and explain mathematical concepts such as:

- Parallel and intersecting lines
- Acute, right, and obtuse angles
- Symmetry
- Geometric shapes
- Repeated motifs
- Tessellations

Students may use labels, arrows, colours, and decorative borders to highlight these concepts creatively.

Instructions for Presentation

- Design a creative cover page with your name, class, roll number, and project title.
- Prepare the work neatly in a scrapbook (10–12 pages).
- Decorate the scrapbook creatively.
- All content should be handwritten.

Task

Part 1 : Choose any 7-8 Indian states and explore their:

- Art forms
- Textiles
- Embroidery
- Floor designs
- Architectural patterns

Examples

- Rajasthan – Block printing and mirror work
- Gujarat – Bandhani and Patola weaving
- Punjab – Phulkari embroidery
- Tamil Nadu – Kolam patterns

Part 2: Mathematical Connections

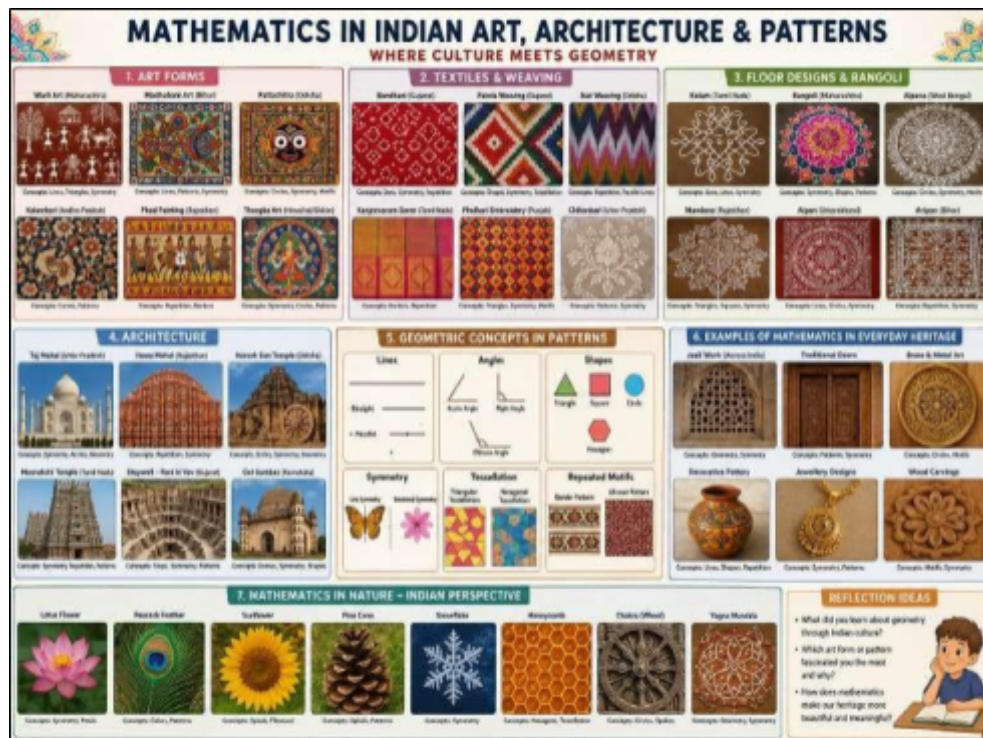

For each selected pattern or art form:

- Write a short description.
- Identify mathematical concepts present in it.
- Highlight the concepts using labels or coloured markings.

Reflection Writing (100 words)

Write about:

- What you learned about geometry through Indian culture.
- Which art form or pattern fascinated you the most and why.

SCIENCE

Dear Students, you have been assigned two Activities (A and B) for the summer Holiday.

Engagement. Both activities are compulsory and must be completed in a Science scrapbook.

Instructions :

1. Design a **creative cover page** of your scrapbook with your **name, class, roll number** and **title of the project** written on the front cover page (not inside or at the back of the scrapbook).
2. Include an index page mentioning the two activities to organise your content.
3. Decorate the scrapbook creatively.
4. All content should be **handwritten by you** and **not printed or outsourced**.

Activity A : [Rainbow in a Glass Experiment](#) 🌈 [5 Marks]

Please refer to **Chapter 6 - Materials Around Us** of your Science textbook and read the definitions of various properties of materials before starting this activity. You may also visit the link above for reference to help you do the experiment explained below.

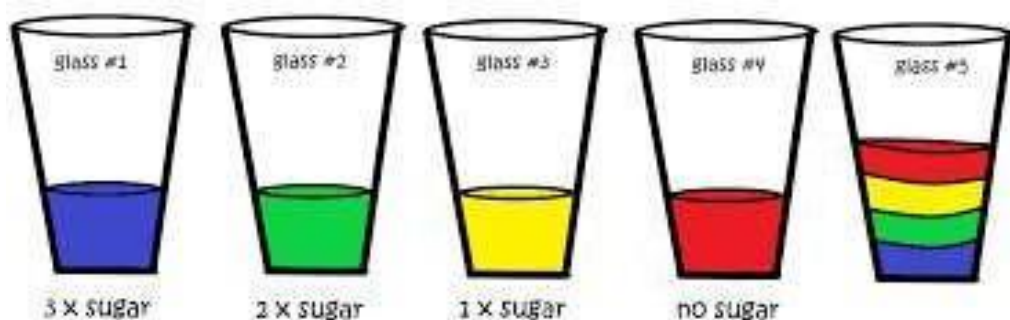

Ingredients/Supplies :

5 glasses
12 tablespoons sugar
4 cups water
Food coloring
Tablespoon measure
A pipette or syringe

Directions:

- 1) Put 1 cup of warm water into 4 of the glasses.
- 2) Add 2-3 drops of **red** food colouring to the **first glass**, **yellow** to the **second**, **green** to the **third** and **blue** to the **fourth**.
- 3) In the glass with **red** food colouring, **do not add any sugar**. Add **2 tablespoons** of sugar to the **yellow** glass, **4 tablespoons** to the **green** glass and **6 tablespoons** to the **blue** glass. Stir the mixture in each glass until the sugar is dissolved.
- 4) Using a syringe, fill the empty fifth glass about $\frac{1}{4}$ full with the blue sugar solution. Then, going slowly so you don't mix the layers, add the same amount of green solution, which should sit on top of the blue sugar water. Do the same with yellow and then red.
- 5) And there you have it – the perfect **sugar water rainbow!**

- 6) Research and explain the '**Science Behind It**' and '**Why it Works**' briefly in a scrapbook.
- 7) **Take pics of yourself** creating this rainbow glass and of the rainbow in the glass.

Paste them in the scrapbook.

Watch similar experiments here :

- **DIY Rainbow Water:**

 [DIY Rainbow Water](#)

- **Sick Science Rainbow Water (includes straw-use demonstration)**

📺 Sugar Rainbow - Sick Science! #215

Activity B : Visit to any chemist/ grocery/ stationery shop [5 Marks]

Try to find out how they categorise various materials in the shop and what the basis is of their categorisation. **List your observations** in the **scrapbook** along with **related pictures**.

Assessment Rubrics :

1. Content (6 Marks)

- Activities A & B (4 marks)
- Related pictures drawn / pasted (2 marks)

2. Presentation (3 Marks)

- Neatness and organisation (1 mark)
- Creativity in decoration(2 marks)

3. Timely submission (1 Mark)

All work should be handwritten by you. No marks will be awarded for work that is not done by you / is outsourced, or is printed.

Submission Date - First week of July.

Compile both activities in a scrapbook / folder aesthetically and present them to your teacher well in time.

SOCIAL SCIENCE

Project Title: "India in My Backpack: The 'Same-Same but Different' Case Files"

Subtitle: How one country becomes 28+ flavors without breaking apart

The Big Question for Students:

If you and your best friend both eat rice every day, but yours is biryani and theirs is lemon rice — are you eating the “same” food or “different” food? India’s answer: both. You’re about to prove it.

1. Why This Matters – The Rationale

Adults always say “Unity in Diversity” like it’s a slogan for Republic Day. But what does it *actually* look like?

Connect it to their life:

- Ever noticed how your Hindi textbook and your friend's Tamil textbook both have a story about a clever crow? Same moral, different language.
- Your mom's sari and your didi's jeans? Both are "clothes," but one is 6 yards of grace, the other is 2 legs of comfort.

This project makes you a detective for the real "source code" of India: **"Many in the One"**. You'll see how we're not divided by our differences — we're connected by them.

2. Mission Objectives – What You'll Be Able to Prove

By the end, you'll crack these cases:

1. **Spot the "One"**: Find the common ingredient, story, or idea hiding behind regional versions.
2. **Map the "Many"**: Show how 1 grain, 1 dress, or 1 festival becomes 5+ different avatars across India.
3. **Decode the Trick**: Explain *how* local places add their own masala to national ideas without losing the recipe.
4. **Feel the Link**: Realize why your classmate's "weird" festival food might share DNA with your grandma's recipe.

3. The Investigation – 3 Weekly Case Files

Pick **one Indian state/UT that's NOT yours**. You'll investigate the same 3 clues every week so it stays systematic.

Week	Case File Name	Detective Task: Investigate	Evidence to Collect: Create
1	Case of the Traveling Grain	Pick 1 staple: rice, wheat, or millet. How do <i>your state</i> and <i>chosen state</i> cook it? Think Pongal vs Khichdi vs Litti.	"Recipe Passport" Card : Draw the 2 dishes. Stamp each with 3 ingredients that are SAME + 1 that's totally DIFFERENT.
2	Case of the Shape-Shifting Cloth	Choose sari <i>or</i> dhoti. Find how your chosen state weaves/wears it. Ex: Assam's <i>Muga</i> , Maharashtra's <i>Paithani</i> , Bengal's <i>Tant</i> .	"Fabric ID Card" : Sketch the drape. Add 1 "secret use" — can it become a baby cradle, bag, or curtain? Like South India's multipurpose sari.
3	Case of the Local Hero	Jan 14 = harvest festival everywhere, but different names: <i>Lohri</i> , <i>Pongal</i> , <i>Makar Sankranti</i> , <i>Uttarayan</i> , <i>Magh Bihu</i> . Pick your state's name. Then: Did Rama, Krishna, or the Pandavas "visit" that state in a local story?	"Festival + Folklore Postcard" : Front: Draw the festival scene. Back: Write 4 lines — "Legend says Arjuna came here

			and..." Connect festival + epic hero.
--	--	--	---------------------------------------

Rule of the Game: For every "Many" you find, you must also name the "One."
Example: Many = Pongal + Bihu. One = Thanking the sun for harvest.

4. Final Submission – Your "Backpack Exhibit"

Instead of a bulky "trunk," students submit a **foldable A3 "Backpack Cutout"** with 3 pockets:

1. **Pocket 1: Recipe Passport** – From Week 1
2. **Pocket 2: Fabric ID Card** – From Week 2
3. **Pocket 3: Festival Postcard** – From Week 3
4. **Front Cover Label:** Write "*Same-Same but Different*" on top. Below it, write 1 sentence: "*The 'One' in my backpack is ____.*" Fill in: rice, sari, harvest, Dharma, etc.

Bonus Round: Add a "Classmate Connection" sticky note — "I found that ____ from my friend's state is just like _____ from mine."

5. Reflection – The Final Clue

Quote to crack: "*Ekam sat vipra bahudha vadanti*" – Truth is one, the wise call it by many names.

Your final paragraph, 5 lines:

Pick one item from your backpack. Explain: If India forgot the "One" behind all the "Many" versions, what would we lose? Use the sari, rice, or festival as your example. Start with: "If we only saw the differences.

6. HOW WILL YOU BE CHECKED?

Page / Item	What I'll Look For	Marks
Cover: A3 Backpack Cutout	Title + "The 'One' in my backpack is ____" filled correctly	2
Pocket 1: Recipe Passport	2 dishes drawn + 3 SAME ingredients + 1 DIFFERENT + different state used	5
Pocket 2: Fabric ID Card	Drape sketched + weave name + 1 "secret use" + "One" named	5
Pocket 3: Festival Postcard	Front: festival scene. Back: 4 lines "Legend says..." + festival name + "One" named	4
Reflection	5 lines, starts "If we only saw the differences...", explains what we lose	2

Neatness & Classmate Connection	Neat folding/labels + sticky note with specific link to friend's state	2
Total		20

हिंदी

ग्रीष्मकालीन अवकाश गृहकाय 🌞🌻

प्यारे बच्चों! आपकी छुट्टियों को और भी मजेदार और रचनात्मक बनाने के लिए यहाँ कुछ दिलचस्प परियोजना काय (project work) दिए गए हैं।

1. "नन्हे पत्रकार" (अपना समाचार-पत्र तैयार करें) विषय: 'गम के मजे' या 'गम का जादू'

निर्देश: एक A3 साइज पेपर या चाट पेपर को अखबार का रूप दें।

*अखबार का नाम: एक मजेदार नाम सोचकर सबसे ऊपर लिखें (जैसे: गम का जादू या घर-आँगन टाइम्स)।

*ब्रेकिंग न्यूज़ (मुख्य खबर): घर की कोई ताज़ा या मजेदार घटना लिखें (जैसे: "आज घर में बनी ठंडी कुल्फी" या "नन्हे मुन्ने पत्रकार की पहली रपोर्ट")।

*गम पर कविता: गम के मौसम पर अपनी पसंद की कोई छोटी कविता लिखें।

*मेरी यात्रा कोना: अपनी छुट्टियों की किसी यात्रा का छोटा फोटो चिपकाएँ और उसके बारे में 2-3 पंक्तियाँ लिखें।

*गम का पोस्टर: ठंडे फलों (आम/तरबूज) या आइसक्रीम का एक सुंदर रंगीन चित्र बनाएँ।

*खेल और रचनात्मकता: एक छोटी वग -पहेली बनाएँ या छुट्टियों में किए गए अपने किसी क्रिएटिव काम (जैसे पेंटिंग/क्राफ्ट) की फोटो यहाँ लगाएँ।

2. स्लोगन लेखन (A4 sheet)

काय : एक जादुई वस्तु का चित्र बनाएँ।

विषय: "बोलने वाला जूता" या "उड़ने वाला बस्ता"।

निर्देश: वस्तु का चित्र बनाएँ और उसके लिए एक मजेदार नारा (Slogan) लिखें।

उदाहरण: "उड़ने वाला बस्ता - सबसे प्यारा, सबसे सस्ता!" या "यह जूता बोलेगा, आपके सारे राज़ खोलेगा!"

*प्रोजेक्ट को सुंदर बनाने के सुझाव:

चित्रों का प्रयोग: जहाँ भी संभव हो, ड्राइंग बनाएँ या फोटो चिपकाएँ।

रंगों का जादू: स्केच पेन और रंगीन पेंसिल का उपयोग करें।

लिखावट: अपनी लिखावट (Handwriting) को साफ़ और सुंदर रखें।

बॉर्डर: प्रत्येक पेज के चारों ओर एक सुंदर बॉर्डर बनाएँ।

SANSKRIT

पृष्ठ स्मृति (Bookmark)

संस्कृत भाषा में कोई भी श्लोक लिखकर एक पृष्ठ स्मृति बनाएँ।

निर्देश -

- यह कार्य आप किसी भी आयताकार (Rectangular) कागज़ पर कर सकते हैं।
- लिखाई सुन्दर व स्पष्ट हो।
- अपनी इच्छानुसार आप सजावट कर सकते हैं।
- यह कार्य आप ग्रीष्मावकाश के बाद जुलाई के प्रथम सप्ताह में दें।

FRENCH , GERMAN, SPANISH

“Creativity is intelligence and having fun.”

To make learning Foreign languages more fun and creative, students will prepare 2 colourful bookmarks as their Holiday Homework. This activity will help them revise the grammar topics in an interesting and artistic way.

Instructions:

- Make 2 creative bookmarks using chart paper or thick paper.
- Each bookmark should include:
 - A colourful picture/drawing
 - 1-2 sentences using adjectives (adjectifs)

Students may also create their own sentences and drawings creatively.

Make your bookmarks colourful, neat, and imaginative.
