

HOLIDAY ENGAGEMENT

**SENIOR SCHOOL
GRADE 9 : 2026-27**

Dear Parents and Students,

As we step into the much-awaited summer break, I would like to remind each one of you that holidays are not only a time for rest and recreation, but also an opportunity for meaningful learning and personal growth.

The holiday assignments have been thoughtfully designed to encourage students to explore, observe, create, and learn beyond the four walls of the classroom. Learning does not happen only through books; some of life's most valuable lessons emerge through real-world experiences, conversations, travel, reflection, and discovery.

Travel, in particular, can be a deeply enriching experience for young people. Exploring different places, communities, cultures, languages, traditions, and natural environments helps students develop a broader understanding of the world beyond what can be learned in textbooks. Such experiences nurture curiosity, adaptability, confidence, and real-world understanding, while also creating treasured family memories. Meaningful travel experiences also help strengthen local communities and foster a deeper appreciation for the diversity and interconnectedness of society.

As students of our school, I encourage you to carry the spirit of our **THRIVE** values wherever you go:

- **Team-Centric** – Spend quality time with family and friends, learn to cooperate, share responsibilities, and grow together.
- **Harmonious** – Respect the people, cultures, traditions, and environments you encounter during your travels and experiences, promoting understanding and mutual respect.
- **Resilient** – Embrace new experiences and challenges as opportunities to become stronger, more confident, and more adaptable learners.
- **Innovative** – Think creatively, try new activities, solve problems independently, and approach the world with curiosity and imagination.
- **Versatile** – Explore a variety of interests such as reading, travelling, art, sport, nature, or community service, and discover new talents and passions.
- **Empathetic** – Be kind, considerate, and mindful towards others, appreciating the efforts and contributions of people within your community and society.

I encourage all students to complete their holiday assignments sincerely and creatively. Let your work reflect not only knowledge, but also imagination, observation, and personal experiences.

Most importantly, enjoy your holidays responsibly. Read good books, remain physically active, help your parents at home, stay disciplined, and return refreshed with renewed energy and enthusiasm for the upcoming academic session.

Wishing all our students and families a joyful, safe, and enriching summer break.
Warmest regards,

Dr. Anubhav Lodhi

Self Assurance And The Hunger For Knowledge

In a world that thrives on diversity, we encourage you to be open minded and inclusive. We will help you discover your passions and interests, guiding you towards activities that align with good values and varied experiences. Do away with monotony and explore your surroundings as they hold the mirror up to different aspects of life and people.

Instructions:

Use 2 pages of your blue Literature notebook. Make a neat and attractive research project on any ONE of the following:

1. Use 2, A4 pages to make a pictorial collage about a vacation, a recent excursion, or an adventure holiday titled TRAVEL : A CATALYST FOR LEARNING. The collage should have 2/3rd written component including greetings (Hola/Swadhika/Bon jour/Namaste) local cuisine / street food tasting, information, anecdotes, sightseeing, observations highlighting your experience as being an enriching one.
2. Writing a Book review is a great way to share opinions and information about a particular author and the work. ‘ The Boy in the Striped Pyjamas ‘ is an insightful and interesting read. You may choose this or any other book from our reading list and write an original Book review in about 2 pages. The very enthusiastic and creative readers can also make a Book Trailer.....use your imagination and knowledge about your book and present it's theme, genre, characters, rating and personal impact in the form of a two minute video recording.
3. **Pause And Reflect**
Gratitude Journaling!!
No matter how busy it gets, take some time to appreciate the things you have in your life. This can help you shift your focus from what you lack to what you already have.
Make a list of twenty things that make you happy. Write a sentence about each one. Include your reason for being grateful.
4. Write a descriptive or narrative essay on your experience with an old tradition, festival or religious or family ritual that is still followed at home. Provide an interesting title. Use your own personal inputs. We are expecting at least 250 words.
5. A survey conducted on Indian youth revealed the following: From the perils of terrorism, the fear of religious fanaticism, the effects of Global warming, from the determination to have a successful career to the deeply entrenched corruption in politics and governance, the youth are concerned about all this and more. Use 2 A4 sheets: on one sheet make a TO DO LIST of about 10/12 things.

Examples :

1. Try to donate seeds to farmers.

2. Try to help in the marriage of a poor couple.
3. Try to donate to a Book Bank.
4. Try to volunteer at an NGO working with slum children.
5. Visit an old age Home.

Choose any ONE thing from the TO DO LIST and make a presentation on the other A4 sheet of your experience. Supply relevant information and pictures if possible. This enterprising act of yours will surely enhance and add value to your life.

Important Note:

The homework must be original and the proper references should be made in accordance with the task. Neat presentation would be highly appreciated. Do NOT use stickers / pearls / stones/ glitter glue or tape. Avoid any 3 D art effects. This work is to be done in the literature notebook or A4 sheets if asked and it will be marked by the teacher.
