

HOLIDAY ENGAGEMENT

MIDDLE SCHOOL
GRADE 7 : 2026-27

Dear Parents and Students,

As we step into the much-awaited summer break, I would like to remind each one of you that holidays are not only a time for rest and recreation, but also an opportunity for meaningful learning and personal growth.

The holiday assignments have been thoughtfully designed to encourage students to explore, observe, create, and learn beyond the four walls of the classroom. Learning does not happen only through books; some of life's most valuable lessons emerge through real-world experiences, conversations, travel, reflection, and discovery.

Travel, in particular, can be a deeply enriching experience for young people. Exploring different places, communities, cultures, languages, traditions, and natural environments helps students develop a broader understanding of the world beyond what can be learned in textbooks. Such experiences nurture curiosity, adaptability, confidence, and real-world understanding, while also creating treasured family memories. Meaningful travel experiences also help strengthen local communities and foster a deeper appreciation for the diversity and interconnectedness of society.

As students of our school, I encourage you to carry the spirit of our **THRIVE** values wherever you go:

- **Team-Centric** – Spend quality time with family and friends, learn to cooperate, share responsibilities, and grow together.
- **Harmonious** – Respect the people, cultures, traditions, and environments you encounter during your travels and experiences, promoting understanding and mutual respect.
- **Resilient** – Embrace new experiences and challenges as opportunities to become stronger, more confident, and more adaptable learners.
- **Innovative** – Think creatively, try new activities, solve problems independently, and approach the world with curiosity and imagination.
- **Versatile** – Explore a variety of interests such as reading, travelling, art, sport, nature, or community service, and discover new talents and passions.
- **Empathetic** – Be kind, considerate, and mindful towards others, appreciating the efforts and contributions of people within your community and society.

I encourage all students to complete their holiday assignments sincerely and creatively. Let your work reflect not only knowledge, but also imagination, observation, and personal experiences.

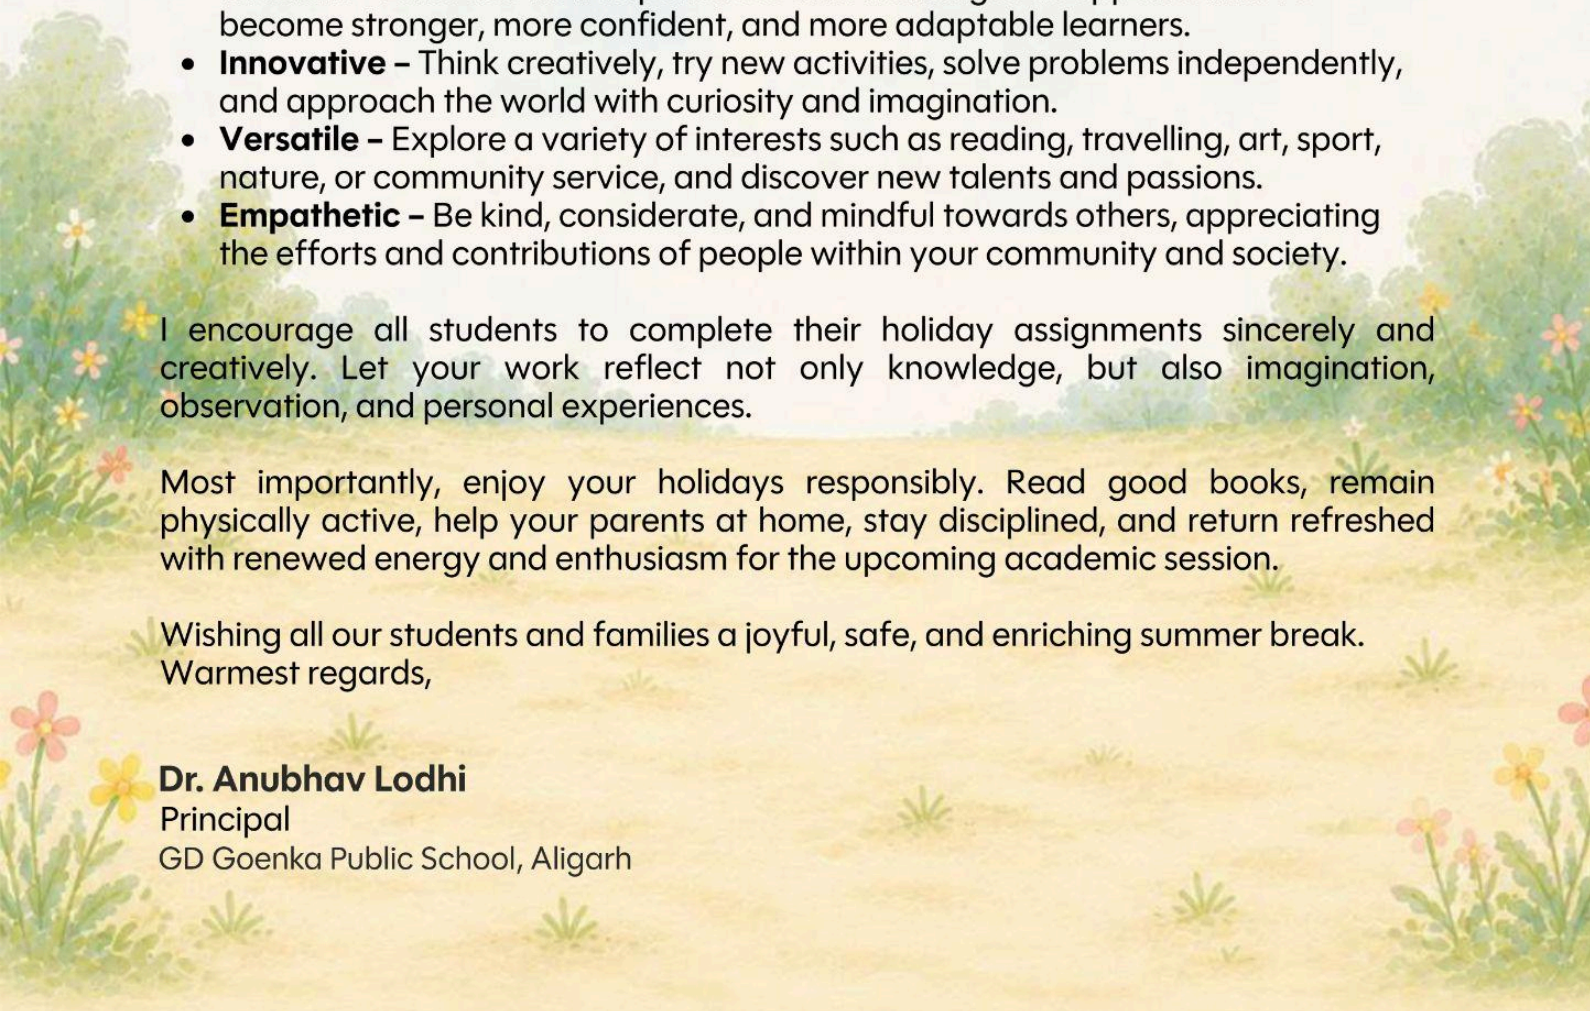

Most importantly, enjoy your holidays responsibly. Read good books, remain physically active, help your parents at home, stay disciplined, and return refreshed with renewed energy and enthusiasm for the upcoming academic session.

Wishing all our students and families a joyful, safe, and enriching summer break.
Warmest regards,

Dr. Anubhav Lodhi

ENGLISH

THRIVE. FOR LIFE.

This summer, focus on your English assignment as an instrument of change. Do away with boring tasks and appreciate your potential in a positive manner.

Number 1 option is based on the book 'The Stranger and other curious stories'. The fourteen stories in this collection have been contributed by the members of the Association of Writers and Illustrators for children, India. All the stories are about curious happenings. The word curious means odd, peculiar, queer or strange. These stories should be read for pure enjoyment and the surprise element that they have. Do you like to watch a movie that has a predictable plot and ending? Our guess is No. That's why we want you to appreciate the unpredictable twists and turns in these stories.

Choose to do any **ONE** of the following 5 options.

1. Make a colourful collage on a standard A3 sheet using photographs and information about your grandmother or grandfather. Give a catchy headline about her or him being your favourite person. Write a few lines about the interests and activities that you share. Make sure you read the beautiful and emotional story 'Always with you' on page 35. It will be a reminder that we should cherish and value the relationship that we share with our grandparents.
2. Here's your chance to do some research and make an interesting list. Choose only one of the options given below: Print or type your list in bold and present it on a standard A3 sheet with an interesting and relevant picture or illustration.
 - (a) Ten Most haunted places in India
 - (b) Ten Most famous Horror stories of the World.
 - (c) Ten best fantasy / horror movies of all time.
 - (d) Ten most famous mysteries of the world. (unexplained phenomenon like the Bermuda Triangle)
3. Use 2 pages to create a profile of the famous author Sir Arthur Conan Doyle. Put pictures and interesting information about him. Comment on the creation of the legendary detective Sherlock Holmes and his friend Dr Watson. Use a page to describe a day in the life of Sherlock Holmes as he goes about his investigations with Dr Watson.

4. Write a short essay of your experience with a new or unfamiliar cuisine. Eating or cooking, collate your experience with some pictures or drawings and provide an interesting title.
5. If a group of experienced alien leaders came to Earth to help run our countries, we should let them. Write an imaginary essay on this topic. Provide an interesting title. Add some creative illustrations or a small cartoon strip. Try for 250 words.

MATHS

From Yantras to Fibonacci: Exploring the Beauty of Mathematical Patterns

This holiday, explore the beautiful connection between Mathematics, Indian heritage, nature, art, and creativity. Through this project, students will discover how ancient Indian scholars used patterns, geometry, and numbers in ways that continue to influence modern mathematics.

Students will explore the following:

- Magic Squares
- Indian Yantras and Sacred Geometry
- Virahāṅka–Fibonacci Numbers
- Mathematical patterns in nature and Indian art

This project will help students understand that Mathematics is not limited to textbooks or calculations. It can be seen in flowers, rangoli, architecture, music, poetry, and cultural designs around us. The project also encourages students to appreciate the contributions of ancient Indian mathematicians and thinkers to patterns, sequences, geometry, and logical reasoning.

Your Mission

Prepare a creative scrapbook that includes:

Research-based information on any two of the above topics (Refer to Chapter 6: *Number Play of Ganita Prakash Part 1*).

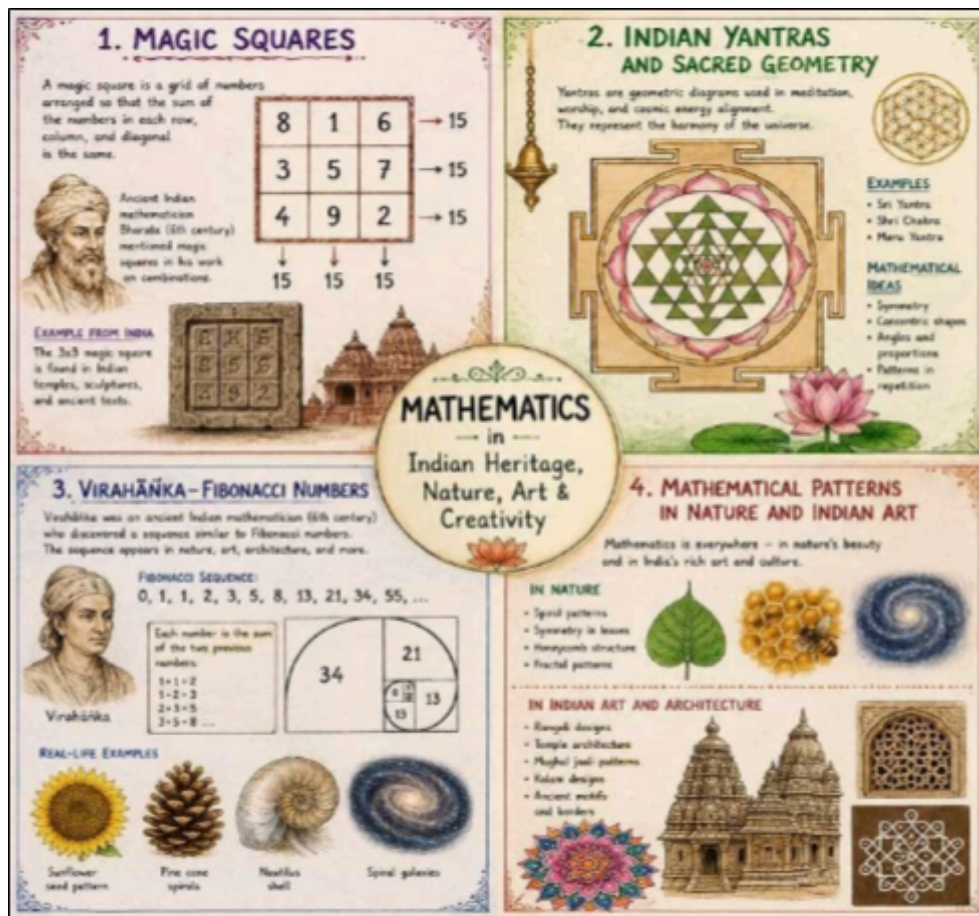

- ✓ Mathematical observations
- ✓ Drawings, pictures, or creative designs
- ✓ Real-life examples and cultural connections

Instructions for Presentation

- Design a creative cover page with your name, class, roll number,

and project title. Prepare the work neatly in a scrapbook (10-12 pages).

- Decorate the scrapbook creatively.

SCIENCE

Project Title: "Growing Up – Changes During Adolescence"

Students will prepare a 2-page handwritten project based on observation and discussion with parents/guardians.

Objective of the Project

To understand the physical and emotional changes that take place during adolescence in boys and girls.

Instructions for Students

Observe and compare the changes seen in boys and girls of the same age group (11–15 years).

Your project should include information about:

- Increase in height
- Change in weight
- Development of strength
- Changes in appearance
- Prepare a table showing:
 - Changes observed only in boys
 - Changes observed only in girls
 - Changes that are common in both

You may take help from your parents for discussion and observation, but the work must be completed by you independently.

Draw neat headings and use coloured pencils wherever required.

Adolescence is not only a period of physical growth but also a time of mental and emotional changes. Boys and girls of this age may experience mood swings, become more sensitive, and start thinking more independently. They may feel happy, excited, confused, or sometimes stressed without understanding the exact reason. So let's try to keep track of our emotions by making an

Emotion Wheel / Mood Tracker

Draw emojis showing your mood each day for one week.

SOCIAL SCIENCE

PROJECT: THE SACRED BRIDGE

Your Mission:

Discover how temples, rivers, and markets acted like a giant bridge that connected all of India 1,000 years ago — before trains and phones!

1. WHY ARE WE DOING THIS?

Long ago, people traveled across India to visit sacred places. They were not just praying. They were also trading goods, sharing news, and protecting rivers and forests because they called them “sacred.”

This “Sacred Bridge” connected North to South and mountains to seas. If we understand this bridge, we can learn how to take care of our rivers and trees today.

You are now a Sacred Bridge Explorer!

2. WHAT WILL YOU LEARN?

By the end of this project, you will be able to:

1. Show how 5 sacred places in India are connected on a map.
2. Name 3 things that pilgrims traded while traveling long ago.
3. Explain how calling a tree or river “sacred” helped save nature.
4. Suggest 1 idea to protect a natural place near your home.

3. YOUR TASK: MAKE A “SACRED BRIDGE MINI-BOOK”

You will make a small 4-page book. Fold an A4 sheet to make 4 pages.

Materials Needed: A4 sheet, pencil, colors, sketch pens, India outline map printout, glue.

PAGE 1: THE BRIDGE PILLARS

Heading: *Where does our bridge stand?*

1. Paste or draw an outline map of India.
2. Mark any 5 sacred places. Choose from: Kedarnath, Rameshwaram, Somnath, Kashi/Varanasi, Dwarka, Puri, Vaishno Devi.
3. **“Why Here?” Box:** Pick any 2 places and write 1 line for each: *Why do you think the temple is in that place?*
Hint: Think of mountains, rivers, sea, forests.
Example: *Kedarnath: It is near glaciers. Glaciers give water to rivers.*

PAGE 2: TRAFFIC ON THE BRIDGE

Heading: *What moved on our bridge?*

Imagine you are a pilgrim 800 years ago. You also trade goods to earn money for your trip.

1. Make 3 “Bridge Pass” cards on this page. Draw small rectangles.

2. **On each card**
write: Item I
carry: _____
I got it from: _____
I will trade it for: _____

Example: *Item I carry: Salt | I got it from: Gujarat | I will trade it for: Wool in Kashmir*

PAGE 3: THE GREEN PILLARS

Heading: *Who guards our bridge?*

1. Find 1 tree, pond, or small grove near your home that people do not harm or call "sacred."
2. **Ask an elder:** Ask your grandparents, parents, or neighbor: "*Why do we not cut this tree / dirty this pond?*" Write their answer in 2 lines.
3. **Draw it:** Draw the tree or pond. Also draw 2 birds, animals, or insects that live there.

PAGE 4: BRIDGE ENGINEER OF 2040

Heading: *How will you protect the bridge?*

Imagine you are the "Chief Engineer of India" in the year 2040.

Write 3 rules you will make so that our sacred rivers, trees, and forests stay clean and safe for future children.

Start like this: *Rule 1: I will...*

4. HOW WILL YOU BE CHECKED?

Page No	What I'll Look For	Marks
Page 1:	5 places marked + 2 "Why Here" answers	5
Page 2:	3 Bridge Pass cards with sensible trade items	5
Page 3:	Elder's answer written + neat drawing	5
Page 4:	3 clear, practical rules for 2040	3
	Neatness & Creativity	2
	Total	20

5. TIPS TO MAKE IT AWESOME

1. **Name Your Bridge:** Give your bridge a fun name on the cover.
 Example: "The Salt to Spice Bridge."
2. **Use Color Threads:** On Page 1, use different colored sketch pens to connect the 5 places.

3. **Ask Stories:** Your family has the best stories. Ask them if any saint or king passed through your city.

Last Date of Submission: on or before 13 July 2026

Presenting: Be ready to explain your favorite page to the class in 1 minute.

Remember: The Sacred Bridge is not just about the past. It's about how *you* will keep India connected and green in the future.

Good luck, Explorer!

FRENCH , GERMAN, SPANISH

Topic: A Journey Through Europe!

On an A3 sheet - Create a bright, colorful COLLAGE in Spain OR Germany OR France and get it laminated.

Your collage may have these 7 treasures:

For each one: stick 2-3 pictures + write 2-3 small captions by hand_

1. Culture & Customs — _The heartbeat of the country_

Show any 2 things people love there: music, dance, art, family time, etc.

2. Flavors of the Land — _Food that tells a story_ Paste & label 3 yummy dishes

Example: Spain → 1. Paella 2. Churros 3. Tapas_

3. Festivals of Joy — _Celebrations that color the streets_

Show 2 festivals + write which month they happen

Example: Germany → Oktoberfest – September_

4. **Monuments of Wonder** — _Places that take your breath away_ Add 2–3 famous places + 1 cool fact for each

Example: France → Eiffel Tower – It was only supposed to stand for 20 years!

5. **Shining Personalities** — _Stars who shaped the world_

Choose 2 people → 1 from history, 1 famous now. Write 1 line: what did they do?

6. **The Sound of the People** — _Words that sing_

Write these 3 words in their language using colorful sketch

pens: Hello = * _ * _

Thank you = * _ * _ Friend =

* _ * _ *

7. **Threads of Tradition** — _Clothing worn with

pride_ Draw or paste 1 traditional dress. Label 2–3 parts

Example: Germany → Lederhosen + feathered hat + suspenders_
